

EDUCATION

Baderia Global Institute of Engineering and Management	Jabalpur, India
Bachelor of Technology in Computer Science and Engineering; CGPA: 8.03/10.0	Aug 2022 - Aug 2026
Relevant Coursework: Data Structures and Algorithms, Operating Systems, Database Management Systems, Computer Networks, Distributed Systems, Machine Learning, System Design	

SKILLS SUMMARY

- **Programming Languages:** JavaScript, TypeScript, Python, SQL
- **Frontend Technologies:** React.js, Next.js, Tailwind CSS
- **Backend Technologies:** Node.js, Express.js, FastAPI
- **Databases:** MongoDB, PostgreSQL
- **Tools and Platforms:** Git, GitHub Actions, Docker, WebSockets
- **Cloud and Systems:** Distributed Systems, AWS(S3, Lambda, EC2), Vercel, Render, Scalable Architecture Design

EXPERIENCE

SleekSky Technologies Pvt. Ltd.	Remote
Full Stack Developer Intern, NudgePlay	Jan 2026 – April 2026
• Leading backend development for NudgePlay, a customizable game creation platform supporting web, mobile, and desktop deployments. • Designed and maintained Node.js and Express REST APIs, owning AWS S3 asset storage, AWS Lambda-based asynchronous workflows, and secure backend integration with a Next.js frontend. • Designed and managed PostgreSQL databases using Sequelize ORM, handling schema design, migrations, and relational data integrity for user, game, and configuration data.	
Website Developer Intern, SleekCMS	Nov 2025 – Dec 2025
• Built a dynamic website generation system using EJS and Tailwind CSS, enabling non-technical users to create full websites through structured inputs. • Implemented reusable layouts, wildcard routing, and dynamic content rendering with clean separation of layout, content, and data.	

PROJECTS

- **Vyzora: Developer-Focused Analytics Engine:** Built a privacy-first developer analytics platform with a lightweight TypeScript SDK for real-time event and session tracking, backed by a horizontally scalable Nginx + Redis/BullMQ ingestion pipeline and indexed PostgreSQL aggregations powering a secure Next.js dashboard.
Tech: TypeScript, Node.js, Express, PostgreSQL, Prisma, Next.js, GitHub OAuth, JWT Live Demo — GitHub
- **Rootly: IDE-Native Production Crash Detection System:** Architected and deployed an end-to-end developer tooling system (runtime SDK + ingestion API + PostgreSQL + VS Code extension) that captures unhandled Node.js production crashes, applies fingerprint-based deduplication (10s window) and burst rate-limiting (20/min), maps stack traces to Git commit SHAs, and surfaces incidents directly inside VS Code to reduce debugging context switching.
Tech: Node.js, TypeScript, Express, PostgreSQL, GitHub OAuth, REST APIs Live Demo — GitHub
- **Learning’s Hub: Community-Driven Learning Progress Tracking Platform:** Architected and deployed a full-stack web application enabling users to create, fork, rate, and track structured DSA and programming learning paths. Designed a normalized relational schema (7+ tables) supporting list version lineage, hierarchical sections/topics/resources, user progress tracking, and aggregate rating metrics. Implemented JWT-based authentication, email-based password reset (SendGrid), and IP-based rate limiting to secure public APIs.
Tech: React (Vite), Node.js, Express, PostgreSQL, JWT, Bcrypt, SendGrid, TailwindCSS Live Demo — GitHub

HONORS AND AWARDS

- AI in Healthcare Hackathon Winner - Secured first place among 120+ teams for developing AI-driven Solutions
- SIH 2024 Finalist - Selected as top 5 Finalist in PS: Drug Inventory and Supply Chain Management System
- HackOrbit 2025 National Hackathon - Achieved 8th place ranking among 600 plus participating teams nationwide

LEADERSHIP EXPERIENCE

Founder and President, Coding Era!	Jabalpur, India
Established city-level technology community and organized coding workshops for 200 plus students	2023 - Present
Google Student Ambassador, Workshop Lead	BGIEM
Conducted Gemini AI technical workshops and hands-on training sessions for 100 plus students	2024 - Present
Vice Chair, IEEE Student Branch	BGIEM
Managed event planning, budget allocation, and student engagement initiatives for technical programs	2023 - 2024
